

DEFENDANT IN NON-SUPPORT ACTION TO FACE SECOND CHARGE

Richard Orner, Bendersville, went into Adams County court as defendant in one case Friday afternoon and emerged as defendant in two cases.

Following a hearing on a desertion and non-support case brought against Orner by Mrs. Orner, Judge W. C. Sheely, taking advantage of his powers of committing magistrate, placed Orner under \$1,000 bail on a charge of contributing to the delinquency of a minor.

The case started off as a desertion and non-support case. The hearing was held in the law library. Mrs. Orner told of her husband's failure to support her and their children and his frequent absences from home.

After a time Judge Sheely took over the questioning.

Dated Ward Of Court.

When questioned whether he "went out frequently," earlier in the hearing, Orner admitted he did. Asked if he took his wife along, he said, "They weren't fit places for a wife to be." He admitted that a "date" with a young upper county girl, which prevented him from being at work the next day, cost him a \$70 to \$80 a week job.

Questioned further about the girl he told the court "I been with that girl only twice"; on specific dates and places he agreed. "She's been in my car maybe 25 times or more, but I wasn't with her." Asked if he knew she was a "ward of the court" Orner observed, "If she didn't mind I didn't." Asked about an occurrence early in the morning last week on the Battlefield here he said he was with the group but not with the girl.

Orner in addition to being held on the contributing to the delinquency of a minor charge was also ordered to pay \$25 a week for the support of his wife and children and to post a bond for \$1,000 with surety to guarantee compliance with the order.

Two men went to jail for contempt of court for failure to keep up their support payments as ordered by the court. Edward J. Hamaker, Columbia, who owes \$1,224 in back payments, was sentenced to three months in jail starting from August 6; William S. Haverstick, Taneytown R. 1, who owes \$160, was sentenced to 30 days in jail.

Junior Jumper, Mt. Holly Springs, was ordered to pay \$750 a week for the support of a child, and to post \$500 bond on his own recognizance to guarantee compliance with the order. Jumper told the court he had ceased supporting his wife after she left him, on one occasion for a five-week period, and then adopted a custom of spending her week ends somewhere else than at home. She told the court she went to a girl friend's home in Carlisle for the week ends. Jumper said he would take his wife to work on Friday mornings "and when I went for her in the evening she wouldn't be there." Asked if he interrogated his wife on where she was on her absences, Jumper said, "No, she'd have told me it was none of my business." Mrs. Jumper agreed that if he had asked that would have been the answer he would have received. Testimony revealed Mrs. Jumper to have had five children, three of them adopted by others. Jumper was ordered to support only one of the children.

IKE'S VISIT TO FAIR UNDECIDED

Whether Republican Presidential Candidate Dwight D. Eisenhower appears at the South Mountain Fair will be up to the Republican National Committee.

Adams County Republican Chairman John H. Baschore today received a letter from General Eisenhower at Denver thanking him for the invitation extended at the request of the South Mountain Fair Association to appear at the fair.

However, Mr. Eisenhower wrote, all arrangements for his appearances during the campaign are being made by the National Republican Committee.

The candidate added that he had forwarded a copy of his own letter to Mr. Baschore's letter to national Republican Chairman Arthur Sommerfield at Washington D.C. with the hope that the trip could be worked into the schedule of appearances for the candidate.

A similar invitation has been sent to the Democratic candidate, Adlai Stevenson by the fair association through Democratic County Chairman Fred G. Klunk.

Littlestown LIONS' OUTING IS HELD THURSDAY

One hundred and one persons were present at the second annual outdoor meeting of the Littlestown Lions Club on Thursday night, when family night was observed beginning with a fried chicken supper in the auditorium of the picnic grove, adjoining Christ Reformed Church, near town. Due to the inclement weather, the games planned for the children could not be held. A period of fellowship was enjoyed and several reels of comedy were shown on the screen by John D. Basehoar. The affair was arranged by the Constitution and By-Laws committee, composed of Samuel L. Bucke, Chester S. Byers and L. U. Collins. The next meeting, to be held September 4, at 7 o'clock at Banker's restaurant, will be in charge of the Convention committee, which includes Edgar A. Wolfe, Worthy A. Crabbs and Robert L. Crouse.

Mrs. and Mrs. James H. Spalding, daughter, Mary Jane, near town, and Mr. Spalding's mother, Mrs. J. Howard Spalding, W. King St., returned home after spending several days with the latter's son and daughter-in-law, Mr. and Mrs. John W. Spalding and family, Verona.

The teachers of the Littlestown Joint School System will attend institute in Gettysburg on Tuesday and Wednesday, September 2 and 3, and not Tuesday and Wednesday of next week, as previously announced.

Prepare For Fall

A Weiner roast and corn bake will be held on Tuesday evening at 6:45 p.m. at the home of Mrs. Hildah Arter, W. King St., to launch the fall activities of the troop committee members, leaders and assistant leaders of the Senior, Intermediate and Brownie Girl Scout Troops. Mrs. John E. Stambaugh, president of the group expects a full attendance so that plans can be made for Scout work, for the next few months, in addition to the social period.

Brandon, Gettysburg R. 2, at the St. James Lutheran Church at 2 o'clock this afternoon. Dr. Ralph R. Gresh, pastor, performed the ceremony amid a setting of white and yellow gladioli and white and lavender asters and palms.

Preceding the ceremony the organist, Richard B. Shade, played Handel's "Largo," Bach's "When

EDWINA LAWVER

Thou Art Near." Youman's "Through the Years," Cadman's "At Dawning," D'Hardelot's "Because" and Atkinson's "Spirit of God." He played the traditional wedding marches and "The Lord's Prayer," by Malotte during the ceremony.

The bride, given in marriage by her father, was attired in a ballerina-length gown of imported Chantilly lace over satin designed with an off-the-shoulder V-neckline with a double berth of lace, a tight-fitting bodice, short sleeves and long mitts tapering over the wrists. Her veil of illusion net was elbow-length and she carried a white orchid to which streamers of stephanotis were attached.

Attended By Sister

The matron of honor was Mrs. Harry Bream, Fairfield, a sister of the bride. She wore a ballerina-length gown of Nile green net over Nile taffeta featuring a halter neckline and matching stole. Her sweetheart-shaped headpiece was made of Nile green net and tatin and she carried an arrangement of yellow roses and bronze pompons edged in stephanotis and white lace.

Ronald Brandon, Schenectady, N. Y., served as best man for his brother. The ushers were Harold Ecker, Gettysburg, and Burton R. Lawver, Littlestown, brother of the bride.

The mother of the bride was at (Continued on Page 4)

COUPLE IS WED AT NEW OXFORD

Miss Esther Elizabeth Shoemaker, daughter of Mr. and Mrs. Russell Shoemaker, New Oxford R. 1, became the bride of Raymond Wilson Leppo, son of Mr. and Mrs. Paul Leppo, Hanover, in a ceremony performed at the Immaculate Conception Church in New Oxford at 10 o'clock this morning, by the pastor, Rev. Fr. Robert D. Hartnett.

The bride wore a white suit with white accessories and her corsage was an arrangement of red rosebuds. Miss Mary C. Shoemaker, New Oxford R. 1, the maid of honor, was attired in a pale blue suit with white accessories and wore a corsage of white rosebuds. The best man was Russell Shoemaker Jr., New Oxford R. 1.

A reception was held at the home of the bride's parents. Mrs. Leppo attended the Delone Catholic High School and is presently employed at the B and S Store, New Oxford. Mr. Leppo was graduated from the Eichleberger Senior High School in 1947 and has served four years with the Army. He is employed at the Weatherlane Furniture Company, Inc., Hanover.

Mercury Tumbles To 48 Degrees Today

A 34-degree drop in temperature overnight sent the mercury down to 48 degrees making this the coolest morning since June 3 and the coolest August 23 here in 27 years.

Friday's high of 82 degrees was followed by a sharp drop in temperature during the night until the mercury stood only 16 degrees above freezing. It was one of the coldest August 23 readings ever taken here and the lowest since 1925 when the minimum was 46 degrees.

It was the coldest August day since last year when the mercury slipped to 47 degrees on August 6. On August 23 of last year the low was 54 degrees.

A brisk breeze from the north held the temperature to a cool 60 degrees at 8:30 o'clock this morning in spite of a bright sun.

EGG PRICES UP ON FARMERS' MART TODAY

The price of eggs went up again on the Farmers' Market this morning with large whites and browns selling for 75 cents a dozen. Mediums brought 65 cents a dozen. AWOL Soldier Says All He Needs Now Is A Discharge

GROVE CITY, Pa. (AP)—A 22-year-old soldier, AWOL from the Army since Aug. 13, says he is willing to "talk things over with Army officials anytime at all" about a discharge he wants and feels God will help him get it.

Blonde, lanky Allen Keller walked away from his Army post at Camp Kilmer, N. J., because he feels the Army isn't doing anything about solving problems of the troubled world and "I'm just wasting my time taking training."

Keller, who was inducted into the Army last December, wants to attend a Baptist Bible School. He says:

"I have wanted to go to a Bible school for a long time but I didn't have the money. Since I have been in the Army I found out I could go to school and work my way through."

The Army private is now at home in this Western Pennsylvania community, living with his mother and aged grandmother. They have nothing to say about his present status.

"I really want a discharge," Keller said. "Getting a discharge is very important for my plans. I really need a discharge."

Not at all concerned about possible Army action, the youth says he has talked his case over with the

Here And There News Collected At Random

The local Veterans of Foreign Wars Post No. 15 is to be congratulated for its recent decision to sponsor a local Scout to the Boy Scout Jamboree in Los Angeles next year.

This is a splendid thing and the members of the post deserve the plaudits of the community. The lucky young fellow who will be chosen to attend this great event will have the time of his life.

What a splendid thing it would be if the VFW suggestion is followed that three other organizations (or more) also sponsor a Scout to assure the attendance of one boy from each of the four troops in Gettysburg at the Jamboree.

The staggering amount of \$6,497,500,000 was spent by business on advertising during 1951, according to figures released this week. This is an increase of 14 per cent over the amount spent in 1950. However, the increase in the nation's gross national product was 15 per cent.

But the greatest faith of business in advertising its products rested with the newspaper where 34.7 per cent, or \$2,254,285,500 was spent during that period. It represents a clear-cut acknowledgment on the part of business that the majority of the buying public can be reached through the columns of a newspaper.

\$388,400,000 was spent on television advertising, an increase of 2.5 per cent over what was spent the previous year. Radio received 10.9 per cent and magazines received 8.9 per cent.

This is proof again, in big doses, that the most successful businesses devote a certain percentage of their revenue to advertising. . . . constant advertising. The largest makers of a five cent soft drink and a five cent package of gum spend thousands of dollars every day to advertise their nickel product. And it pays off in tremendous revenues running into millions of dollars a year.

Nearly three out of every five Americans are members of a church or other religious body—a new high in the history of the nation.

New statistics for 1951, made public today by the National Council of the Churches of Christ in the U.S.A., reveal that religion, as it has during the past decade, continues to outstrip the nation's growth in population.

Religion had 88,673,005 adherents at the end of 1951, an increase of 1,842,515 over the previous year—a growth of 2 per cent compared with an estimated increase in population of 1.7 per cent. Between 1940 and (Continued on Page 2)

Oil Industry Film For Campfire Program

The story of the oil industry including the drilling of the first Pennsylvania oil well at Titusville will be shown in a sound and color motion picture film at the weekly Campfire program to be presented Sunday evening at 8:45 p.m. on East Cemetery Hill. Additional chairs will be provided for this program, it has been announced.

The final program of the series will be presented Sunday, August 31, when a new film on Pennsylvania will be shown.

Red Cross and "some other persons" obviously without satisfaction. He said:

"I believe very firmly that the Lord will handle the situation. I believe this is just a test of my faith."

Grove City Chief of Police James Reed said he has not received official notification from the Army about Keller and, therefore, can't do anything.

Lt. Morris Carel, commanding officer of the Military Police detachment at Pittsburgh, said he has heard of the case but has not received official notification.

Keller said he talked with a person on the telephone who said he was a military policeman. He added:

"I told him not to send anyone to my home bearing arms. I have my mind made up that I am not going back to the Army. I don't want people to think I am unpatriotic, but I feel the Army can not solve the problems of the world and I am wasting my time when I could be doing much to bring peace to the world."

"If authorities come to my home to get me I'll just go out and kindly tell them to break it up. I'll handle the case as a local policeman would. I don't care for any trouble, but I'll be very firm."

DISTRICT PMA COMMITTEES ARE SELECTED

Officers for five of the six Production and Marketing Administration local committees in Adams County were elected at meetings this week. The sixth district, Littlestown, will meet Tuesday evening at 8 o'clock at the PMA office, York St.

Those named at a meeting of the Biglerville district farmers at the Biglerville High School Friday night included Arthur Ebbert, Biglerville R. 1, chairman; Harold Taylor, Arendtsville, vice chairman; Edwin Schlosser, Arendtsville, regular member; Thomas O. Oyler, Gettysburg R. 3, first alternate; Francis S. Crown, Aspers R. D. second alternate; Bruce Wetzel, Biglerville R. 2, delegate to the county convention, and Edwin Schlosser, alternate delegate to the county convention.

Other district officials named, with the chairman in each case being selected as delegate to the county convention to be held next Friday at the PMA office here to select a county committee, included:

District Results

York Springs, Charles Cashman, chairman; N. Z. Reinecker, vice chairman; Mervin G. Myers, regular member; J. S. Deatrick, first alternate; Charles Reinecker, second alternate.

Farmers from Germany, Union and Conewago area are asked to attend the Littlestown area meeting at the PMA office, York St. A previously scheduled meeting for the Littlestown group was postponed because of a conflict in dates.

A. I. HOSTETTER PASTURE WINS ADAMS CONTEST

The pasture of A. Irvin Hostetter, Hanover R. 4, won the county's Green Pastures Contest for the second year in a row, the 25 farmers participating in the annual tour of the top pastures were told Friday.

Martin T. Walter, chairman of the county Production and Marketing Administration Committee, reported that the committee of judges had selected the Hostetter pastures as the tops in quality in the county. Coffelt Brothers, Gettysburg R. D., were second; Clarence J. Waybright, Gettysburg R. D. third; Roy Garber, New Oxford, fourth, and Earl Smith, Biglerville R. D. fifth.

Prizes For All

Each of the 14 farmers who entered the green pastures contest will receive a purchase order for eight tons of lime. In addition prizes of lime and fertilizer and seed will go to the top pastures in the event. Members of the county PMA Committee said that final division of the various prizes donated by local concerns has not been decided as yet.

At the Hostetter farm the persons making the tour inspected 37 acres of alfalfa-ladino pasture. The Hostetter farm was the only one visited Friday afternoon. Friday morning the group toured the Coffelt Brothers farm where they saw five pastures, two of them new this year and planted with alfalfa and orchard grass. Among the older pastures, one is planted in bluegrass. The five pastures total about 20 acres and 12 head of cattle are using the pasture. At the Clarence Waybright farm the touring group viewed 90 acres of pasture. At the three farms the touring farmers were told about the amounts of lime and fertilizer used, the number of cattle grazed on the pastures and other details of management of the pastures.

Cow Killed When It Runs Into Auto

A Holstein cow owned by Richard Cochran, Gettysburg R. 3, was killed at 4:15 o'clock Friday afternoon when it ran into the side of an automobile operated by John B. Whitson, 18, of Spring Grove R. 2, on the Bonneville Rd. two and a half miles east of Gettysburg, according to state police of the Gettysburg substation.

Police placed the value of the cow at \$300. Whitson's car, which was traveling east, had \$300 damage, according to the report. No one was injured.

Other Quakes In California

(By The Associated Press)

Other disastrous California earthquakes and their toll include:

San Francisco area, 1906—700 deaths and estimated 40 million dollars property damage from earthquake and fire.

Santa Barbara area, 1925—11 deaths and 10 millions damage.

Long Beach-Compton area, 1933—More than 100 deaths and 40 millions damage.

El Centro and Imperial Valley, 1940—Nine deaths and six millions damage.

Tehachapi, July 21, 1952—14 deaths and estimated damage of 40 millions.

VOLUNTEER IS SENT FOR POLIO NURSING DUTY

Mrs. Mary Rebecca Martin McCoy of Littlestown R. 2 left Friday evening for Akron, Ohio, where she will serve as a polio nurse in that disaster area. She was taken to Harrisburg Friday evening by Mrs. Lucille Bucklew, executive secretary of the Adams County chapter of the Red Cross which made arrangements for Mrs. McCoy to serve in Akron.

Mrs. McCoy, who is a daughter of Mr. and Mrs. Clinton Martin, Littlestown R. 2, is a graduate of Jefferson Hospital, Philadelphia, with the class of 1939. In 1945, '46 and '47 she served as a polio nurse at the University of Michigan Hospital. In 1949 she was on general duty at the Garfield Memorial hospital in Washington, D. C.

To Serve Two Months

This week she contacted the Red Cross chapter here and expressed her willingness to be sent as a recruit to emergency assignments, explaining that she prefers "this type of nursing."

All nurses recruited for polio become temporary employees of the hospital where they work and will receive a nationally uniform basic salary. Mrs. Bucklew explained. Mrs. Bucklew said the chapter will pay in advance all travel expenses from the place of recruitment to the place of assignment and the chapter in turn will be reimbursed by the National Foundation of Infantile Paralysis with which they cooperate constantly in the appeal for registered nurses to serve in polio areas.

Travel arrangements for Mrs. McCoy were completed Friday and she left Harrisburg by Pennsylvania Railroad Friday night. She was to be met in Akron this morning and taken to the Children's Hospital to report for duty to the Red Cross surgeon. She will be there at least two months.

ORPHANAGES TO GET REQUESTS

Hoffman Orphanage and the Quincy Orphanage of the United Brethren in Christ Church will each receive \$5,276.28 and 15 shares of Gettysburg National Bank stock valued at \$232.50 from the estate of William M. Deatrick, late of Butler Twp., according to an amended account filed with the county court Friday by the executors of the estate, Lawrence Gulden and Sterling Sheffer.

The \$5,276.28 amount represents one half of the residuary estate in each case. The schedule of distribution now before the county court for approval also calls for a \$450 bequest to the Trinity Reformed Church Building Fund. The account reveals that the estate made good on the late Mr. Deatrick's \$1,000 pledge to the Centenary EUB Church Building Fund, of Biglerville.

The account was presented for confirmation Friday, but because of a clerical error in a tax accounting, was turned down and the amended schedule of distribution was presented later in the day.

COUPLE TO WED

A marriage license was issued at the court house today to Thomas Conrad, son of Mr. and Mrs. James Conrad, McSherrystown, and Barbara A. Long, daughter of Mr. and Mrs. James Long, also of McSherrystown.

WILL PROBATED

The will of Laura B. Metz, late of Hamiltonban Twp., has been entered for probate at the office of the county register and recorder, Thomas E. Metz, 333 York St., is executor of the \$5,320 estate.

LIONS TO MEET

The Gettysburg Lions Club will meet Monday evening at 6:30 o'clock at Sheffer's Park with a meeting of the Community Betterment Committee to follow the club session. No meeting will be held on Labor Day.

Quake Rocks Bakersfield, California; 2 Are Killed

BAKERSFIELD, Calif. (AP)—A major earthquake jarred this city yesterday, killing two persons, injuring 32 and shattering buildings. Another sharp jolt rocked Los Angeles early today, but was not even felt here.

Yesterday's tremor was the second big one in 32 days to hit Bakersfield. The 10-second quake "cascaded" masonry and glass into the streets. Some highways buckled. Walls fell. Roofs collapsed. Parapets crumbled.

Dust clouds boiled up, blotting out the sun. Damage is expected to run into the millions of dollars.

No Damage In L.A.

On the other hand, today's shock in Los Angeles, 125 miles south of here, apparently caused no damage, although it was strong enough to awaken hundreds of residents. The shock started at 3:10 a. m., Pacific Daylight Time.

While Bakersfield's business districts were heavily damaged yesterday, residential sections, for the most part, escaped unscathed.

Police patrolled blocked off downtown sections through the night to prevent looting of stores damaged by the two major quakes and dozens of aftershocks.

The dead are Mrs. Edna Ledbetter, 26, of nearby McFarland, caught under the collapsing roof of a store in which she was shopping and George Patman Cozy, 67, a Southern Pacific Railroad engineer of Bakersfield. He was trapped in the wreckage of the Kern County Equipment Company.

Few Areas Escape

More than 100 city blocks in the business districts of Bakersfield and East Bakersfield, hardest hit by the quake, were roped off. Hardly a business block in the entire city of 50,000 population escaped damage.

City Manager C. Leland Gunn declared Bakersfield a disaster area and proclaimed a state of emergency. The County Board of Supervisors put all county departments on an emergency basis and arranged for county offices to be transferred from the courthouse, already damaged in the July 21 quake, to tents on a nearby parking lot.

Brick and metal cornices toppled from many business buildings, and the walls of others crashed down into the streets or onto nearby structures.

At least four churches, some of them already damaged in the July quake, suffered from yesterday's shock. At least one schoolhouse was so badly damaged the school board ordered it closed. The board will make a survey of possible damage to other school buildings before the opening of classes Sept. 8.

Unlike last month's quake, nearly by communities reported no casualties or serious damage from yesterday's tremor. The July shock caused 11 deaths at Tehachapi, 40 miles from here, and three elsewhere, with total damage throughout the affected area estimated at 40 million dollars.

Enemy Loses 26 Red MIGs In First 22 Days Of Month

SEOUL, Korea (AP)—The U. S. Fifth Air Force jubilantly announced today that in the first 22 days of August, U. N. Sabre jet pilots shot down 26 Russian-built jets in aerial battles over North Korea in which only one Allied plane was downed.

The new total followed today's report that Sabre pilots shot down three MIGs the past week without losing a single plane. Six Communist jets were damaged, making a total of 29 MIGs crippled during August.

6 Planes Missing

The Air Force said, however, two Sabres and four other U. N. planes failed to return from missions the past week. Two propeller-driven planes were downed by anti-aircraft fire. Loss of the others was unexplained. This made a total of 17 U. N. planes lost during August, but only one in air combat.

The swift Sabres kept Communist fighters from interfering with U. N. air strikes against Red stockpiles all along the front Friday. The bomb raids were part of a stepped-up campaign, disclosed only this week by the chief of the Far East Naval Forces, to hit the Reds where hurts most.

On the ground, U. N. soldiers drove back seven Red probes Friday and today—including three at Allied-held Bunker Hill, the scene of bloody fighting a week ago.

BREAM GARAGE, VFW CLASH FOR SOFTBALL TITLE

A new playoff champion of the Softball League will be crowned this year — either the Glenn L. Bream Garage team or VFW.

That became certain Friday night when both teams won semi-final games to move into the title three-game series which will open Monday evening at 8 o'clock on the Recreation field.

The garage men made it two in a row over last year's champs and this year's regular season titlists, the Moose, by taking Friday's opening game 11-7 while the Vets eliminated the Texas Lunch in the nightcap 8-7.

After building up a 4-0 lead in the first three innings, the Breams broke their game wide open with seven tallies in the fourth, receiving a few breaks on bounding balls and a bit of loose defensive play on the part of the Moose. Two singles and a walk loaded the sacks. Rohrbaugh singled two runners home and Everhart and Rohrbaugh scored when the ball went through an outfielder. Altomose followed with a long fly and circled the bases when it was permitted to fall safely. Bob Kitzmiller and R. Hankey singled and when a player threw his glove at the ball, Kitzmiller was allowed to score.

Avert Shutout

The Moose averted a shutout in the fifth when Knox scored following a fly.

The winners collected 13 safeties while George Fair limited the Moose to but two hits.

In the second game the Vets spotted the Texas Lunch a 7-2 margin at the end of two frames and then came from behind to win a thriller, 8-7.

The winning run came in the last of the sixth on singles by Fazenbaker and Buckley and a delayed steal.

Six Texas Lunch runs came in the second on Himes' single, an error on Miller's tap, a three-run homer by Cal Johnson, double by Timbers, single by Saylor, walk to McDonnell and triple by Orndorff.

Two hits and three walks produced four runs for the Vets in the fourth and then Staub knotted the count in the fifth frame with a homerun to deep left field.

Idaville, Masland

Play Scoreless Tie

Idaville and Masland battled to a 0-0 seven-inning deadlock in a semi-final playoff game of the Cumberland County Baseball League Friday evening.

Jimmy Strine collected two of Idaville's six hits. Masland secured but two safeties. M. Allison and K. Allison formed the Idaville battery and Koblish and Dromgold worked for Masland.

The same teams will meet at Carlisle Monday evening. Masland holds a 2-1 edge in the best of five set.

Meanwhile the Shippensburg Legion became a finalist by defeating the Shippensburg VFW 5-0.

Dickinson Will Have Squad Of 49

CARLISLE, Pa., Aug. 23—A 49-player squad will begin football practice at Dickinson College on Sept. 2 under a new coaching staff headed by W. C. (Slim) Ransom, formerly of W. and J.

Ransom, successor to Frank Maze, now at Colby, inherits 14 lettermen but few of the key players of 1951. The squad also will include 16 other players with varsity experience and 19 freshmen. Only four seniors are listed.

Two new assistant coaches will help Ransom. They are Lindy Lauro, former Pitt fullback, who played with the Chicago Cards in 1950 and '51, and Charles Bush, former Western Maryland College center, who coached at North Plainfield (N. J.) High School the past two seasons.

The Red Devils will have nearly four weeks to prepare for the nine-game season opening here September 27 against Trinity College, Hartford, Conn.

Eastern League

By The Associated Press

The Elmira Pioneers and Waly Jasinski shelled the Albany Senators, 8-2 in an Eastern League game last night.

But the Reading Indians dumped runnerup, Schenectady twice, 7-4 and 5-1, and the Scranton Miners did the same to the third-place Binghamton Triplets, 3-2 and 8-5. So, the Senators picked up half a lap to lead by 5½ games.

All this left the Jays only a half game ahead of Binghamton and one up on Reading.

At the bottom of the league, the Hartford Chiefs skinned the Williamsport Tigers, 8-6.

Interstate

By The Associated Press

The Interstate League's two leading teams clash today in the first of five decisive games.

Allentown had its first chance all year to catch Hagerstown last night but split a twin bill with Salisbury 7-1 and 3-6 as the Braves divided another with Harrisburg, 8-3 and 4-5.

Lancaster split with Wilmington, the Roses winning the first 10-5 and the Rocks the nightcap, 3-1.

York was the only double winner of the night with 3-2 and 16-2 triumphs over Sunbury.

YESTERDAY'S STARS

TRIBE SMACKS YANKEES 6 TO 4 AND TAKES LEAD

By RALPH RODEN
Associated Press Sports Writer

The Cleveland Indians are in first place today, firmly convinced they will win the 1952 American League pennant.

Cleveland turned back the New York Yankees yesterday at Yankee Stadium 6-4, in the first game of a vital two-game series and took over first place from the defending champions by one percentage point.

The Chicago White Sox, fresh from three straight triumphs over the Yanks, extended their winning streak to four games by beating the third place Boston Red Sox, 4-1.

A's Win Two
In other American League games, the Philadelphia Athletics captured a two-night doubleheader from St. Louis, 5-2 and 9-0, and the Detroit Tigers defeated Washington, 2-0.

In the National League, the red hot St. Louis Cardinals defeated the New York Giants, 3-1, to stretch their winning streak to seven games. The victory also moved the Cards to within three percentage points of the second place Giants.

Brooklyn's pace-setting Dodgers split a two-night doubleheader with Pittsburgh, winning the first game, 9-2, but losing the second, 3-2, while Cincinnati edged Philadelphia, 3-2 and Boston downed Chicago, 4-3.

20th For Easter

Luke Easter, Dale Mitchell and Bobby Avila were the leading lights in the triumph that moved the Indians to the head of the class.

Big Luke drove in four runs on his 20th homer and a single. Mitchell cracked out five straight hits and Avila started the first triple play of the American League season.

The lone fly in the ointment came night but split a twin bill with Salisbury 7-1 and 3-6 as the Braves divided another with Harrisburg, 8-3 and 4-5.

Lancaster split with Wilmington, the Roses winning the first 10-5 and the Rocks the nightcap, 3-1.

York was the only double winner of the night with 3-2 and 16-2 triumphs over Sunbury.

Shantz Coasts To 22nd
Veteran Joe Dobson tamed the Red Sox on four singles in posting his 12th victory for Chicago. The White Sox scored all of their runs off rookie Ivan Delock.

Philadelphia's sweep of the Browns enabled the A's to tie the White Sox for fourth place, six games back of Cleveland. Rookie Charley Bishop, with help from Bob Hooper, gained his first victory in the opener. Bobby Shantz, the major's top winner, coasted to his 22nd triumph in the second game. Gus Zernial supplied the punch, driving in seven runs on a grand-slam home run and a single. Shantz blanked the Browns on four hits.

Porterfield Loses
Lefty Ted Gray bested Bob Porterfield in the pitching duel at Washington. Gray permitted six hits while Porterfield was tagged for 12. The defeat was Porterfield's 12th and his seventh by a shutout.

Stu Miller, sensational rookie right-hander, turned in his third straight victory for St. Louis. Miller limited the Giants to three hits and struck out nine. Enos Slaughter singled home Solly Hemus with the winning run in the eighth inning.

Dickson Beats Dodgers
The Dodgers scored five runs in the seventh inning to win the opener at Pittsburgh. Relief ace Joe Black was credited with the victory, his 10th. Murry Dickson hung up his 12th triumph in the second game, Pittsburgh's first.

Giants Overpower Steelers 24-10

DES MOINES (AP)—The New York Giants overpowered the Pittsburgh Steelers 24-10 in a National Football League exhibition here last night.

It was New York's second exhibition victory of the season. The Steelers now have lost two and tied one.

The Giants mixed Eddie Price's running with Charlie Conerly's passing to stop the Steelers.

Trailing 10-0, New York took the lead in the third quarter on a plunge and short Conerly pass. Price, in the fourth quarter, worked loose for a 75-yard scoring run to highlight the game.

Timonium Meet

Opens August 27

TIMONIUM, Md., Aug. 23—Fourth lap of the minor track racing season begins Wednesday, August 27, at Timonium, with the 10-day meeting extending through Saturday, September 6.

A total of \$100,000 in purses will be distributed during the 10 days and this record sum is added to some \$150,000 which has been spent in widening the track, improving the running surface and erection of a seven-furlong chute on the back stretch.

Beyond these figures, Timonium also has erected a new dormitory, capable of handling 200 boys, which will be used to care for youngsters who must remain on the grounds during the fair, to look after exhibits of livestock.

Post time for racing has been set at 1:30 p.m. daily and sales of daily double tickets will cease at 1:20 p.m. The double will be handled through machines this season and in addition, the wagering facilities in the infield have been increased.

Phil starter Curt Simmons was injured in the fourth inning when a line drive from Marshall's bat struck him on the right wrist. Both pitchers were forced to retire.

UNBEATEN PAIR CLASH TONIGHT

JOHNSTOWN, Pa. (AP)—New York and Washington, who are boasting 3-0 records, clash tonight in the feature game of the annual limited division tournament of the All-American Amateur Baseball Association.

Only four other teams remain in the tourney—a double knockout event. They are Holyoke, Mass., and Maryland State, both with 2-1 records who meet today while the other scheduled game has Pittsburgh, Mass., opposing Pittsburgh. Each has a 3-1 record.

Pittsburgh, finishing a second round game interrupted by rain Thursday, topped Johnstown yesterday, 8-1, and eliminated the host squad. Pittsburgh then beat Buffalo, 9-2. They followed this by drubbing Brooklyn, the defending champion out of the tourney by a 9-4 score.

Earlier, Brooklyn had eliminated Baltimore 2-1, and Pittsfield put Allentown, Pa., out of the race, 16-10. Pittsfield went on to beat New Orleans 11-9 in ten innings, eliminating the Southerners. Zanesville, O., was knocked out of the tourney by New Orleans, 6-1, earlier in the day.

FINAL ROUND AT SEATTLE TODAY

SEATTLE (AP)—It's an old timer against a youngster today when the final round unfolds in the 1952 United States Men's Amateur Golf Championship.

Rivals for the nation's top amateur honor are two Washington stars, Jack Westland of Everett, at 47 a most unusual finalist, and 22-year-old Al Mergert of Spokane.

Twenty-one years ago, a young man then just 26 faced the famed Francis Ouimet in the finals of this same classic, and was beaten by 38-year-old Ouimet, 6 and 5.

The beaten player was Westland, then a resident of Chicago, where the 1931 tournament was held at the Beverly Country Club.

Today Westland is taking time out from his campaign for Congress to campaign for the golfing crown.

THE FUTURE
We speak of their future as though it's to start
At some time far ahead, after we must depart.
Yet shape it we could, if we only knew how.
Their future is ours. It depends on us now.
The men of tomorrow; it's mothers are here.
What we do for them now will in their age appear.
We are fitting them all for the tasks to be done.
Their future with us has already begun.
The great of the future are children today.
As we live our lives so in their time will they.
As we look at ourselves and our service, we'll see.
When we have passed on, what their future will be.

Today's Talk

WE'RE NEVER ALONE
To live is to accumulate — friends, memories, experiences, knowledge. The sum total of our wealth of mind has its appraisal in these things. We are really never alone. These memories of dear ones, and the constant storing of knowledge, and the consciousness that God is near to us, no matter where we may be, defeats all loneliness.

Every time I read a novel I am invited to meet new friends, even though I shall never have the privilege of seeing those characters face to face. In nature I see God everywhere. He is a part of all that He has created. With wonder and reverence we look up on these creations that arrest our eyes and thought.

I can sit for hours with my field glasses and study the birds that flit noiselessly about my summer cabin. Such a variety. How fascinating to study them in their flight, their feeding, and their love making. You can't very well harbor wrong thoughts, and get lonely with your mind set upon learning more of the wonders of nature.

We are never alone when we are in love, even though we may be absent from the object of that love. At such a time we become selfless. We are surrounded by troops of beautiful tall angels! We feel ourselves in a daze of glory. Life is good. Happiness has its brief hour of immortality. We love all the world. That's what being alone with love does.

Some one asked an Eskimo, with Peary on his expedition to the North Pole, what he was thinking way up there in the silence. His reply was: "We do no thinking. Peary was with us. He had an idea that those faithful followers were never alone so long as Peary was in their midst."

We are never alone when we are engaged in interests that involve the happiness of others. We are never alone so long as we can commune with our higher nature and have confidence that the eye of Heaven is ever upon us.

RESUME MINE CONTRACT TALKS NEXT TUESDAY

WILKES-BARRE, Pa. (AP)—Anthracite contract negotiations between coal operators and the United Mine Workers resume here next week. UMW sources said the talks on Tuesday will be the first full-scale negotiations ever held in the area where more than 90 per cent of the nation's hard coal is mined.
Three days of meetings in New York wound up late Thursday with no indication of progress, and the surprise announcement that the next session will be shifted here. Indications previously had been that the talks would continue either in New York or Washington as has been customary for many years.

Schedule Two Sessions
Next meeting is set for 11 a. m. Tuesday in the Hotel Sterling. The UMW District 1 office said a session also will be held Wednesday. Plans are indefinite beyond that point. There was no advance indication whether John L. Lewis, UMW president, intends to be present. Lewis' attendance at the sessions is considered significant since he usually is on hand when major developments are likely.
The New York sessions proceeded slowly with side issues taking up most of the agenda. With Lewis absent, the union did not reveal its demands on pay. The present average is \$2.25 an hour.

UMW Vice President Thomas Kennedy said Thursday's session leaned toward technical discussion of uniform day rates with "particular emphasis on stripping rates done by machinery and steam shovels."

Contract Ends Sept. 30
Current contracts in both the hard and soft coal industries expire Sept. 30. In recent years hard coal contracts have been signed only after soft coal negotiations were completed.

An industry shutdown that will consume five working days is scheduled from Aug. 23 to Sept. 2 in memory of miners killed in mine accidents.

Anthracite operators have protested that the memorial shutdown violates the present contract.

WHOLESALE PRICES UP
WASHINGTON (AP)—Wholesale prices have advanced for the sixth week in a row, says the Bureau of Labor Statistics.

The bureau said yesterday wholesale prices for he week ended last Tuesday went up two-tenths of 1 per cent, pushing the index to 112.2 per cent of the 1947-49 average.

Major increases were in prices for poultry, eggs, cattle and lambs.

SAYS GAMBLERS' TAX LAW JUST ISN'T WORKING

WASHINGTON (AP)—The Bureau of Internal Revenue says the law Congress wrote last year to make gamblers pay taxes — a move designed both to put them out of business and to raise revenue — is just not working.

Not much money has been collected in taxes, and gambling is still widespread, it said this week in a monthly activity report reviewing what has happened between the time the law went into effect last November up to the end of fiscal year 1952 on June 30.

The law provided that certain gamblers must register as such and buy a \$50 occupation stamp each year, and then pay a tax amounting to 10 per cent of their total take.

Decision Didn't Help
The report also said a decision by the Pennsylvania District Court that the gambling tax law is unconstitutional has hampered prosecution, as cases are being held up pending a Supreme Court decision.
Gamblers in highly populated Eastern states, where gambling is supposed to be widespread, apparently paid no great attention to the law. New York reported only

Drowns In Tub On His First Birthday

FORT WAYNE, Ind. (AP)—Richard Lovell II lived exactly one year. Dr. H. Paul Miller, Allen County coroner, reported that the boy accidentally drowned in a bathtub at 1:20 p. m. (CDT), Friday, Aug. 22.
Richard was born at 1:20 p. m. Aug. 22, 1951.
Mrs. Richard Lovell, the child's mother, left him alone in shallow water only a few minutes. Police said he may have bumped his head and fallen face down.

STOWAWAY IS BEFRIENDED

PITTSBURGH (AP)—An estate planning official appealed to President Truman Friday to allow a 17-year-old German stowaway to remain in the United States.
Harry W. Porter wrote the President saying he had given homes to nine other boys and is willing to provide a place for Manfred Tanz, who has been ordered deported.

Tanz hitched a ride on an English ship four weeks ago in an effort to find an ex-Johnstown Army captain who befriended him. He said ex-Army Capt. Robert Baer promised to get him a job.

Can't Keep Promise
Baer, who has since moved to Philadelphia, wrote Tanz this week he had been ill and could not keep his promise. Immigration officials ordered Tanz deported.

Tanz said he had been living in a West Berlin orphanage and had no family except a step-sister residing in Russian occupied Berlin.
Speaking excellent English, which he said he learned "by mixing with GIs in Germany," Tanz told immigration officials he would "join the Army or do anything" to stay in the United States.

PREMIER HOLDS ON IN GREECE

ATHENS, Greece (AP)—Premier Nicholas Plastiras's coalition government was still in the saddle today despite U. S. Ambassador John Peurifoy's suggestion that a new administration might help the nation.
The Greek Parliament gave Plastiras a slim but adequate 127-118 vote of confidence last night at the height of a heated controversy over the American envoy's informal remark.

Peurifoy suggested Wednesday in a talk to Greek newsmen that new national elections might be beneficial. He said a new administration would be in a better position to deal with the nation's economic problems.

The ambassador, now visiting the Greek island of Rhodes, was unavailable for comment but Washington officials said he had the State Department's backing.

189 registrations. New Jersey listed 79.

New York's gamblers paid only about \$9,000, New Jersey's about \$2,500, Pennsylvania, which registered 526 gamblers, paid in \$53,400.

FORMER AD MAN DIES
PITTSBURGH (AP)—William Robinson, 75, former advertising manager of Iron Age, publication of the Iron and Steel Institute, died yesterday.

Robinson, who had been bedfast 10 years, was stricken by a paralytic stroke about 14 years ago.

STALIN MAY BE REPLACING 60 MISSING REDS

By JOHN A. SCALLI
WASHINGTON (AP)—Prime Minister Stalin's motive in calling a formal Communist party Congress in Moscow Oct. 5 may be to replace 60 key Communist leaders who have died or been purged.

The Voice of America, official State Department radio, hinted that this may be Stalin's motive in summoning Communist bosses together for the first time in 13 years. It was the first thing approximating any official comment from the State Department on this move by Stalin.

A broadcast commenting on Moscow's announcement said of the 139 full Central Committee members:

High Mortality Rate
"At least 26 have (in the past 13 years) died or been purged. Another 34 have not been mentioned in the Soviet press in the last few years."

"This indicates the high mortality rate—political as well as literal—attached to membership in the Central Committee."

The Central Committee is the top-rank organization of Communists elected at each party congress. It in turn elects the 12-man Politburo which actually runs Russia.

Safe Prediction
In commenting on the Russian plan to abolish the Politburo, it said "one thing can be safely predicted" even when this happens:

"The Soviet Union will remain a dictatorship, run by Joseph Stalin." Moscow has announced that a "presidium" will be organized to replace the Politburo. Top diplomats believe whoever gets the job of chairman of this group will be in line to succeed Stalin as prime minister.

Robbed Of \$10,000 On Brooklyn Street

NEW YORK (AP)—Two gunmen, operating in broad daylight on a busy Brooklyn street, robbed a businessman of \$10,000 yesterday and left him handcuffed to the steering wheel of his car.

Sidney Rappaport, operator of a check cashing agency, told police he had just drawn money from a bank and had stopped at an intersection when the pair forced their way into his car.

EDITOR TELLS ABOUT QUAKE IN BAKERSFIELD

BAKERSFIELD, Calif. (AP)—I was in the precise center of Bakersfield when the earthquake struck today. That's where it hit the hardest.
And, despite the seismograph reports, as far as we of this city are concerned, it was a much more severe quake than that of July 21.

I knew what it was immediately and looked at my watch, it lasted just 10 seconds.

Automobile traffic stopped almost immediately. People left their cars to stand in the street and look around them.

I saw no hysteria. I heard no screams.
People streamed from the side-

SLAIN MARINE WORE GIVVIES BEFORE MURDER

BEDFORD, Pa. (AP) — The girl friend of a Marine sergeant who was beaten to death on the Pennsylvania Turnpike Monday told police he must have changed clothes after leaving her to return to his post.

Police said Sgt. Robert K. Wright of Dillon, S. C., was wearing a Marine shirt with corporal's stripes when he was found unconscious along the Breezewood interchange of the turnpike. He died eight hours later.

Miss Barbara Lutes of Youngstown, O., whom Sgt. Wright was visiting on a week-end pass, said the Marine left her home at 9 p.m. (EST) Sunday to return to his Marine base at Arlington, Va. Miss Lutes told police:

"He was wearing civilian clothes—a sport shirt and slacks—when I last saw him."

Miss Lutes interrupted her vacation at Atlantic City, N. J., to come to Bedford and give police what information she could about Wright whom she met last June. She said Wright visited her in Ohio three times.

Is Aiding Police

Miss Lutes left on vacation the same day Sgt. Wright was beaten to death with a sledge hammer. She did not learn of the slaying until she talked with her mother by telephone Wednesday.

Police said they had hoped Miss Lutes would be able to establish if Wright was accompanied by another person on his trip back to Arlington. The girl said he was traveling alone when he left her.

Police have questioned numerous hitchhikers and run down many clues in an effort to break the case but all without results.

Mr. and Mrs. William Bennett, Hanover, were visitors of local relatives during the week end.

A food sale is scheduled for Saturday afternoon, August 30, for the benefit of the local Catholic church, at the parochial hall.

Miss Frances Robinson, who spent the past month with her niece, Mrs. Bernard A. Moore, and family, is leaving this week end for Hanover where she has accepted a position. All the Sisters of Mercy who teach at the local parochial school are back at the local convent after their summer assignments and vacation. School will begin Tuesday morning, September 2, with a very large enrollment.

Mrs. Anna Mary Small was among the group entertained at dinner recently at the home of Mr. and Mrs. Charles Little, Hanover, to honor the recently married Mr. and Mrs. William Deppe, and the birthday of Frank Helm.

Will Not Defend Communist Teachers

SYRACUSE, N. Y. (AP) — The American Federation of Teachers will not defend any of its members found to be Communists.

The group's 35th annual convention adopted such a resolution on Thursday after long debate. The five-day convention ends Friday.

The union's constitution bars from membership, Communists, Fascists, and others "subject to totalitarian control." The resolution, approved overwhelmingly, said the AFT and its locals would not defend a teacher whose membership violated the clause.

"The accused member" shall be assumed innocent until proved guilty, the resolution said, and locals were directed to see that an accused member has a chance to clear himself of the charge.

Continue Strike At Republic Steel

CLEVELAND (AP) — Despite a personal appeal from their union leaders, CIO Steelworkers on Thursday again voted to continue their walk-out at Republic Steel Corp.'s 98-inch strip mills.

The walkout Monday has idled 2,000 workers. They want work schedules changed and an additional man hired for a pickling line work crew.

William F. Donovan, district director for the pickling line, said that on Thursday they were voting to continue the strike.

In England the automobile choke is called the "strangler."

Firemen use an 80-foot extension ladder to rescue two boys, David Adams, 9, and Malvin Magargal, 13, after the boys had been trapped about 20 minutes while playing on a steep cliff along Philadelphia's East River Drive. David had become frightened while clambering down from the top of the cliff. Magargal scaled the rocks to the younger boy's side but was unable to help him either up or down. Both were rescued unhurt.

MUM WITNESS'S WIFE ARRESTED

NEW YORK (AP) — The refusal of Raymond Russell Davioni to tell a grand jury what he knows about a cafe society vice apparently has involved his blonde wife in the city-wide probe.

The 23-year-old Davioni, an unemployed press agent, balked at appearing before the jury Thursday after he reportedly promised to reveal the "howdown" on high priced vice—including reports of \$500-a-night call girls.

An hour before he was to appear before the jury, Davioni refused to sign a waiver of immunity—a document which would leave him open to prosecution if his testimony incriminated him.

Later, Davioni's wife, 21-year-old Gloria Sinclair, was questioned, arraigned and held in \$10,000 bail as a material witness. She had been questioned and released a few days ago.

Davioni, along with magazine heir Minot F. McKay, Jr., 23, has been charged with compulsory prostitution, living off the proceeds of prostitution, and conspiracy. Jelke also has two gun charges against him.

Davioni has been in jail in lieu of \$45,000 bail. Jelke is free in \$50,000 bond.

Pharmacists End Week's Convention

PHILADELPHIA (AP) — The American Pharmaceutical Association climaxed a week-long convention celebrating the group's centennial year with installation of a new president, Dr. Richard Q. Richards of Ft. Myers, Fla.

Dr. Thomas D. Rowe, dean of the College of Pharmacy at the University of Michigan, and Dr. Charles F. Lanwermyer, chief pharmacist of Abbott Laboratories, North Chicago, Ill., were seated as first and second vice presidents, respectively, at an installation ceremony on Thursday.

Some 1,500 pharmacists attended the 100th annual convention, including representatives of organizations in Europe, Asia, Canada and Central and South America.

A highlight address of the final session was given by Dr. E. M. Josey, of Frankfurt, Ky., retiring president of the National Association of Boards of Pharmacy.

Josey told the convention a need for pharmacists in the armed forces, has registered pharmacists for retail drug stores.

New Pipeline To Be Laid From Texas

WASHINGTON (AP) — Construction of a 1,595-mile petroleum pipeline from Beaumont, Tex., to Newark, N. J., was approved on Thursday by the Petroleum Administration for Defense (PAD).

A cost estimate of the project is not available, PAD said, but work is expected to start in October with completion slated for September, 1953.

The U. S. Pipe Line Co., of New York, builder, was granted priority assistance for 211,000 tons of steel for the job. Estimates place the amount of steel needed to complete it at \$19,500 tons.

The plan calls for a 550-mile pipeline 24 inches in diameter from Beaumont to Jackson, Tenn., and 1,045 miles of 22-inch diameter pipes from Jackson to Newark via Columbus, O., and Pittsburgh, Pa. A 120-mile spur line of 14-inch diameter pipes will be built from Jackson to Paducah, Ky.

PAD said the pipeline ultimately will have a capacity of 450,000 barrels of petroleum products daily.

Cherry Pie Baker Will Marry Today

CARLEISLE, Pa. (AP) — The girl who convinced judges at Chicago last February that she's the best cherry pie baker in the land soon will have a new judge of her culinary art.

For 18-year-old Miss Leah Jane Wilmer, of nearby Rolling Springs, who won the title of 1952 National Cherry Pie Baking Queen against young competitors from all over the nation, will be married today.

The bridegroom will be Dick Foreman, 24, president of the Cumberland County 4-H Baby Beef Club. The pair met at Rolling Springs high school four years ago.

CIO WINS ELECTION

PITTSBURGH (AP) — The CIO International Union of Electrical Workers (IUE) has won an election to represent the 13,500 workers at Westinghouse Electric Corporation's big East Pittsburgh plant.

Workers voted 6,631 to 4,825 in favor of the IUE over the Independent United Electrical Workers Union (IUOE) Thursday in a National Labor Relations Board election.

Riding with Russell

REG. U.S. PAT. OFF.
by FREDERICK C. RUSSELL
Member S.A.E.

The reward of a deed will done in driving is having done it.
Check At The Start

When you see a motorist letting air out of his tires on a trip you can be reasonably certain that he made the mistake of starting out without checking pressures. He started with too little air pressure, with the result that the sidewalls flexed excessively. This caused heat. In fact, underinflated tires may heat up to the point where temperatures are higher than when the tires were vulcanized. Both the fabric and the bonding materials lose tensile strength, and a blowout is quite likely.

In letting air out of the tires there may be increased built-up and more heat. It frequently happens that the driver stops off for lunch, and then when he starts out again the tires are more underinflated than they were at the beginning of the trip. It isn't a pretty picture. And it isn't at all necessary.

Using Too Much Oil?

Among the less common spots where a slight oversight in the care of the car results in high oil consumption is a clogged return oil for the oil in the valve compartment. Oil then builds up in the compartment and usually leaks out around the cover gaskets. Or it may be sucked in around the valve stems. Where there is enough sludge to cause such clogging the chances are that the crankcase vents are clogged and that there may be reduced flow of oil back to the crankcase from the timing gear case. Clogging at any one spot in the oil circulation system, or in the crankcase ventilating system, should be a tip-off of similar trouble in other portions of it.

As It Should Be

Considering all the things that can and do go wrong with automobiles it is unfortunate that so many motorists bother to worry over the false alarms. One of these that has been receiving quite a bit of attention lately is the appearance of an oily scum at the top of the radiator. Right off the bat they assume this indicates oil leaking into the cooling system, and often there's unnecessary removal of the cylinder head as a consequence. This oily appearance of the water is usually due to the type of rust inhibitor many motorists use. It is emulsifying oil—petroleum lubricant that will mix with water. I personally prefer this type, but if the cooling system looks a bit oily I've long since learned that it is nothing to worry about.

Mechanic Joe Speaking:

"A better understanding of the difference between front and rear wheels of the car would help to explain why unbalanced rear wheels do not result in bumpy roads as we commonly find on front tires. The rear wheels are 'drivers' and as such cause more even rear tire wear. On the front tires can be smoothed off by switching them to the rear wheels for a few thousand miles.

"Another important difference is the fact that the rear wheels do not pivot. Thus they cannot shimmy. It is the pivoting of front wheels that helps to wear those spots on their tires. Finally, we come to alignment. Unless there is damage to the axle, wheel or frame the rear tire rotates in reasonable alignment. On a front wheel there may not only be misalignment but complications caused by movement of the car."

Not What He Thought

When gears clash it may be a reasonable assumption that the driven plate doesn't disengage and that the throwout bearing may be kicking up a fuss, but the chances are that this is a wrong guess. One owner with this trouble had

the throwout bearing replaced but got no relief from the clashing. It proved to be simply a case of need for checking an oil leak at the rear main motor bearing. Oil was getting into the clutch and gumming the plate so that there was dragging. Under such conditions a clutch cannot disengage sufficiently to permit proper gear shifting.

Repair Drain Plug

Ever strip the threads of the crankcase drain plug? Sometimes this results in a lot of trouble, calling for removal of the oil pan and a brazing job. However, there are available self-threading oversize drain plugs which always should be considered. You simply screw one of these into position without drilling or tapping. The trick apparently is due to cross cutting of the plug which provides a handy repair for a mean problem.

Feeling Its Pulse

Your vacuum gauge can be most useful in helping you check the engine's condition, as I have pointed out in detail in my new motor book, "Fred Russell's Car Care." If you have one of the special gauges which can be used on the instrument panel you also have an excellent means of checking your gas mileage, and of improving it.

If the engine is perking properly the pointer of the vacuum gauge should register somewhere between 16 and 21 inches. If there is a repeated drop from normal you've probably got a sticky valve. A burned valve will cause the needle to drop back each time it operates. If there are rapid fluctuations while accelerating you're being warned of a broken valve spring.

Too much exhaust system back pressure is indicated by the pointer registering about 5 inches above normal when the engine is slowly speeded up to around 2,000 rpm and the throttle then suddenly closed. Fluctuation of the needle below normal with the engine idling indicates an air leak. This may be in the intake manifold or its gasket or in the carburetor gasket.

Notes On Blackwails

We hear so much about how to clean whitewall tires there is a natural tendency to overlook the cleaning of blackwails. Best method for keeping black rubber presentable is use of detergents. Use a brush to help loosen the dirt and then rinse thoroughly before drying with a clean cloth.

Sometimes it is well to paint the tires with special rubber treating solution which can be purchased at auto tire stores. It is effective where rubber looks dry and faded.

Paige-Detroit? Wm. N. N.

A. Yes, and there was a Page-Toledo, too.

Q. Do shock absorbers need draining and refilling at regular intervals? K. L. H.

A. This is not usually considered necessary. It is enough to keep them filled with fluid. But after several years of use it is well to have them serviced or replaced.

Q. The engine of my car loses about the same amount of water every day and there never is any evidence of leakage. I am sure there is no trouble with the cylinder head gasket because the water loss was exactly the same before a valve grinding as it is now. L. N. N.

A. I notice from the remainder of your letter that you use the car largely for going back and forth to the factory where you work. Do you, by any chance, park the car at an angle and with the front end a little lower than the rear?

This would cause water to surge forward and go out the overflow after you stop.

Q. There is a noise like a lot of loose tappets in the engine after it gets well warmed up. I have had the clearances checked several times and they insist that this cannot be the cause. Have you any ideas on this? G. B.

A. It seems to me that you are probably getting some excessive pinging due to too much carbon in the cylinders. There probably is a tendency toward overheating as well. And how about ignition timing?

Q. Was there an American car with five cylinders? C. C. McB.

A. One that comes to mind was the Adams Farewell. Its engine featured five cylinders which revolved around a fixed crankshaft.

Q. I am disappointed to find that after a ring job the engine of my car is using more oil than before. Friends tell me that it is normal

for engines to do this, but I doubt this. This is the first time I have ever tried a ring job and I wonder if I made some mistake. The engine seems to run well enough, however. H. J. G.

A. This is the outcome of too many home jobs. The chances are that the ring grooves are badly worn and that the new rings are not wide enough. Also the new rings may have so much tension they bear too heavily against the cylinder walls and encourage oil to suck up behind them. It isn't normal for a re-worked engine to use so much oil. Just a little oil consumption until the new rings work in.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford, Conn., and enclose stamped, self-addressed envelope for personal reply. There is no charge.

TEN OIL FIRMS
BEING SUED FOR
67 MILLIONS

NEW YORK (AP) — Four major American oil companies and six subsidiaries are being sued for 67 million dollars by the government, which says it — and the U. S. taxpayers — were overcharged on foreign aid oil shipments to Europe.

In the latest step in a joint congressional-administration war on an alleged international oil cartel, three separate civil suits were filed here yesterday in Federal Court.

Atty. Gen. James P. McGranery, suits as "a test of whether the defendants, having control over the supply of Middle East crude oil shipped to countries participating in the foreign aid program, can block the efforts of the government agencies to protect govern-

ment funds committed to European recovery and defense."

The suits cover Middle Eastern oil deliveries by the firms to Marshall Plan countries in Europe between May, 1949, and May, 1952. McGranery accused the major companies of flouting federal laws by using their subsidiaries to maintain a two-price system — charging the responsible government agencies more than other customers.

Companies named in the three suits and damages asked of them are:

Standard Oil Company of New Jersey and its wholly owned subsidiary, Esso Export Corp., both of New York—a total of \$31,795,619.

Others On List
Standard Oil Company of California, the Texas Company of New York and their jointly owned subsidiaries: Bahrain Petroleum Company, Ltd., a Canadian Corporation; California-Texas Oil Company, Limited; Caltex Oceanic Ltd., and Mid-East Crude Sales Company, all incorporated in the Bahamas but with home offices in

New York—\$21,427,722.
Socony-Vacuum Oil Company, Inc., of New York, and its wholly owned subsidiary, the Socony-Vacuum Overseas Supply Company, Inc., of Fort Lee, N. J.—\$14,118,498.

The government also asked for "such additional sums as may be due for alleged overcharges" after May, 1952, plus interest and costs.

Defense From Esso
Esso, in a statement issued last night, said all its export sales have always been at competitive prices.

"These prices are well known and have not been questioned or protested by any of the countries or customers involved," Esso said, and added:

"Because of the vital importance of the principle involved—free competition in world markets—Esso Export emphasizes that it will defend its positions as strongly as it can."

Free Haircuts
Give Barbers Trim

NOBLE, Ill. (AP) — This Southern Illinois town's two barber shops got into a short-lived price war and both barbers suffered a trimming.

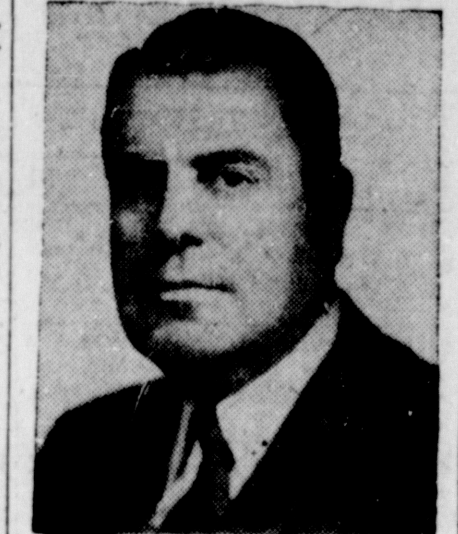

Prices at the shops, separated only by a building, went from 75-cent hair cuts to free ones. Such a rush developed that Barber Elmer Craven closed his shop at noon one day and Barber Joe Smith locked his door but let customers in one at a time.

As Pennsylvania chairman, Mr. Fox will coordinate the fund-raising activities of the March of Dimes volunteer campaign directors throughout the state.

In announcing the appointment, Mr. O'Connor explained that since 1938 the National Foundation, through March of Dimes grants, has financed vital research in the prevention of paralytic polio.

Milk consumption in the United States today is about 13 per cent greater than before World War II.

Pa. Chairman For
March Of Dimes

EDWARD G. FOX

NEW YORK, Aug. 22—Appointment of Edward G. Fox, president of the Philadelphia and Reading Coal and Iron Company, as chairman of the Pennsylvania 1953 March of Dimes, was announced today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

Mr. Fox will coordinate the fund-raising activities of the March of Dimes volunteer campaign directors throughout the state.

In announcing the appointment, Mr. O'Connor explained that since 1938 the National Foundation, through March of Dimes grants, has financed vital research in the prevention of paralytic polio.

GEN. STRICKLER
STAYS ON DUTY
ANOTHER YEAR

GOEPFINGEN, Germany (AP) — Maj. Gen. Daniel B. Strickler, commander of the 28th Infantry Division and former lieutenant governor of Pennsylvania, said Friday he has received orders from the Army Department "to remain on active duty at least one more year."

Strickler gave up his state office when he was recalled to active military service in August, 1950, after the outbreak of the Korean War. The 28th Division, Pennsylvania's National Guard, was federalized a month later.

Strickler brought the Keystone Division to Germany last year in the buildup of American forces on the Iron Curtain front. About 4,000 troops, the last Pennsylvania National Guardsmen in the outfit, were returned to the United States this year for release.

Strickler disclosed his army orders in answering a question by the Rev. Dr. Stewart M. Robinson, chairman of the General Commission on Chaplains, touring troop centers in Germany.

Dr. Robinson, pastor of the Second Presbyterian Church of Elizabeth, N. J., said mutual friends had asked about the general's prospects of returning to civilian life in the near future.

"Since there is a necessity for a strong American force in Europe, and the Department of the Army desires my services, I am happy to continue to lead the division with which I have been so long associated," Strickler said.

Dating his military service from the Mexican Border incident of 1916, Strickler served in combat with the 28th Division in two world wars.

Under a recent Act of Congress, the 28th will continue in federal service for three years. In 1955, its designation and colors are scheduled to be returned to Pennsylvania for the National Guard there.

Says Red Guerrilla
Raids Are Coming

TOKYO (AP) — An authoritative Japanese expert on Communist tactics predicted today the Reds will launch a series of guerrilla terror raids this fall, designed to discredit America and lure more Japanese to the Red camp.

He expressed conviction that such a plan is being worked out in Moscow during current strategy talks with a Chinese Communist delegation as part of the Red "hate America" campaign.

The expert, who cannot be identified because of his high position, said the Reds hope their guerrilla security forces will be called in to help. The Reds then plan to charge that American troops are suppressing the Japanese people.

East Berlin

EAST BERLIN—Word has been received here of the recent birth of a son, their first child, to Mr. and Mrs. Carl Bauman, Harrisburg, Pa. Bauman was formerly Miss June E. Roeder, Schuylkill Haven, who resided here during the school year while teaching mathematics at the local junior high school. The baby has been named Carl Frederick.

Mr. and Mrs. Harold E. Cramer and children, Eddie and Judy, attended the 21st annual Cramer reunion held recently at Millers picnic grove, Millers, Md. The Cramers recently entertained at their new home here Mr. Cramer's aunts, Mrs. William Hare and Mrs. Edward Graf, with Mr. Graf and sons, Alton and Lawrence, and Mr. Hare, their daughter, Mrs. Elwood Utz, and her children, Barbara, Dennis and Billy, all of Millers. Another trip recently taken by the Cramer family was to

the Philadelphia Zoo. They were accompanied by Mr. and Mrs. Wilfred Byers and children, Gayla and Michael, near Dillsburg.

The Rev. Raymond Zucile, a former student at Paradise Rectory, who was ordained two years ago as a priest in the Order of the Precious Blood and is now stationed at Cleveland, O., has been visiting at the Rectory.

Another former Rectory boy John J. McCormick, who left there last winter to accept a position at St. Joseph's Catholic Rectory, York, has returned to York after spending several weeks at the Rectory and also visiting among East Berlin and Abbottstown friends. The young man is much improved after having been ill with neuritis early this summer.
